ABOUT US

Hi, we are Shirley and Wendy.

We adore working as photographers for couples, families and businesses alike around the world.

We are based in Leeds, although we shoot weddings and couples across the United Kingdom, and destination weddings abroad.

To us, the element of humanity can be the most important part of a good photo. And we just want people to be people.

Little Forest Studio was founded in 2018, and so far over hundreds of clients have trusted us to capture their special day all across the UK and abroad. If you are looking for a photographer or videographer to document your special day, and you like what you see, we'd love to hear from you!

Each year we shoot a limited number of weddings as we like to do the best possible work for each one, so try to book early to avoid any disappointment.

"Our documentary style of wedding photography and videography tells a story through observational pictures and films. This allows us to create the most sincere, faithful and timeless record of your wedding day. "

"Our top priority is making our clients feel relaxed in front of the camera, helping us to convey the emotion of the moment without being intrusive."
